

Junior Primary

Junior primary classes will focus on general understanding of everyday greetings, numbers, basic colours and incorporate some cultural understanding within their learning.

They will be focusing on achieving the following;

We are learning to interact with each other and the teacher using simple language and gestures for exchanges such as greetings and farewells, thanks and introductions. We are learning the features of French language and French culture, and comparing this to English and our culture. This is done through a variety of imaginative texts, song, dance, games and art.

2018 Term 3 **Learning Overview**

Port Noarlunga Primary School

Teacher

Sarah Cross
FRENCH

Middle Primary

Middle primary will focus on a general understanding of everyday greetings, numbers, but largely incorporate the understanding of the French culture.

They will be focusing on achieving the following;

We are learning to interact with others and the teacher using simple language and gestures for exchanges such as greetings, farewells, thanks and introductions. We are learning to compare and contrast the French and Australian cultures, and notice what looks or feels similar or different. Students are incorporating prior knowledge, known French language, and researching skills to participate in mini inquiries around French culture topics.

Upper Primary

Upper primary learning will be based primarily around the French culture, incorporating language when applicable. They will be using an inquiry approach, and individually exploring a chosen research topic based around France and its culture.

They will be focusing on achieving the following;

Students will be using inquiry skills to gather and compare information from a range of sources relating to social and cultural worlds. They will be extracting information from a variety of sources to convey information and ideas to suit specific contexts. Students will be presenting their new found information in an appropriate format of their choice, including elements of French culture and how it differs to the student's known culture. The students will also incorporate the use of French language within their final presentation.
